

OnPoint is pleased to announce the recent hiring of the following key leadership personnel for Business Development and Client Services.

 **Robert Crinks**

Robert Crinks is leading the OnPoint Business Development team. He brings 30+ years of experience working on major communication systems utilizing terrestrial, undersea, and satellite systems. He has strong systems engineering skills in the areas of requirements development, requirements analysis, project risk analysis, project schedule development and analysis, project configuration management and project earned value definition and analysis. He has managed the successful implementation of global long-haul networks. He also has significant international experience, having worked in the Middle East, Europe, and the United Kingdom.

 **Irene Richwine**

Irene Richwine brings extensive individual and leadership experience in business development, marketing and capture for the Federal Government marketplace having worked in this capacity at SAIC, CACI, Harris, Serco, Unisys, and TWD & Associates where she was the Vice President of Business Development. She served as Government Liaison for ACT-IAC CyberSecurity SIG and is a member of IAC's 2006 Partner Class.

Ms. Richwine holds a B.A. in Political Science from the College of the Holy Cross, an M.A. in International Politics and Economics from Johns Hopkins Paul H. Nitze School of Advanced International Studies, and an M.S. in Accounting from Georgetown University.

 **George Bridgmon**

Mr. Bridgmon brings 15+ years of experience supporting the federal government and intelligence agencies with a focus on program/project management, IT service delivery, software development/maintenance and data center management. Mr. Bridgmon also brings healthcare experience supporting federal government and commercial programs. Mr. Bridgmon will be the Director of Client Services.
